Digital Offset Printing Machine

Digital offset printing machine adopts multi-layer punch folding machine, the use of cast iron wall panels, heavy machine structure, smooth operation, speed at the same time to complete multi-page paper with matching, drilling, pressure line, cutting, folding and other functions to improve efficiency and reduce costs . It is a computer paper processing enterprises upgrading products.

Main Specs:

Name: Digital offset printing machine

Paper weight : 35-170g/m

Printing speed: 3000-10000s/h
